

Exercise - Scaling and rotating images.

Sukhjit Singh Sehra and Sumeet Kaur Sehra

5th August, 2021

Tasks to be performed

1. Insert a new image and change its size by using scaling.
2. Change its size by using height and width parameters.
3. Rotate the image by using different angles.

Demonstration

Figure 1: changed image size with height and width parameters

Figure 2: scaled image

Figure 3: rotated image
